

# A night at the movies

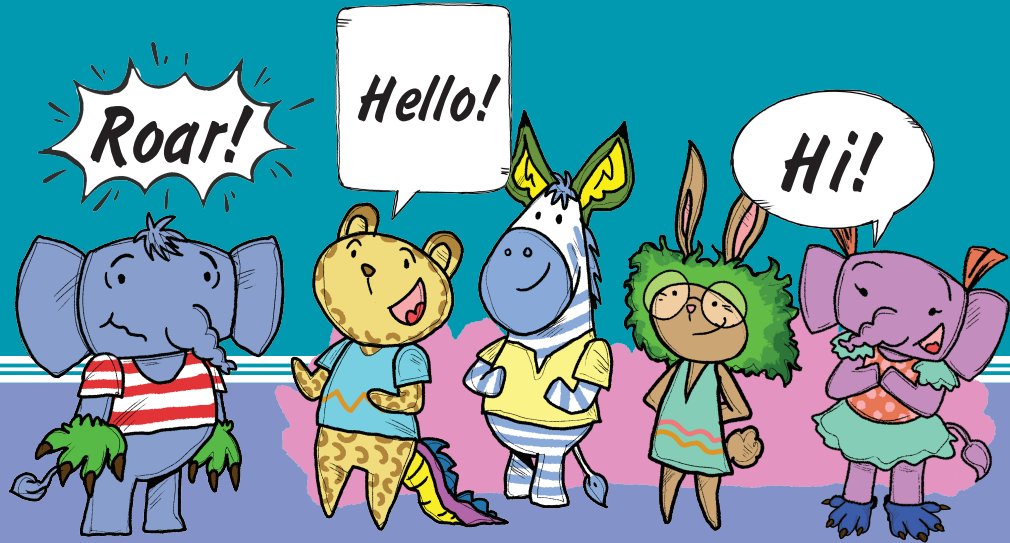

It is a night like no other. Tippiie is so excited as he gets dressed. Tonight is movie night. All his friends will be joining him.

he shouts as he rushes to the front door.

Tippie struggles to pull down his shirt. Finally he manages with his claws.

He opens the door and gives a loud roar as he greets his friends.

Bud, Fin, Robin and Trish laugh and greet him before they rush through the door.

It is a monster movie night and they are all dressed up.

Tippie has monster claws. Fin has monster ears. Trish has monster hair.

Robin has monster feet. And Bud has a monster tail.

*You are all here. You look great! Come, everything is set up in the garden.*

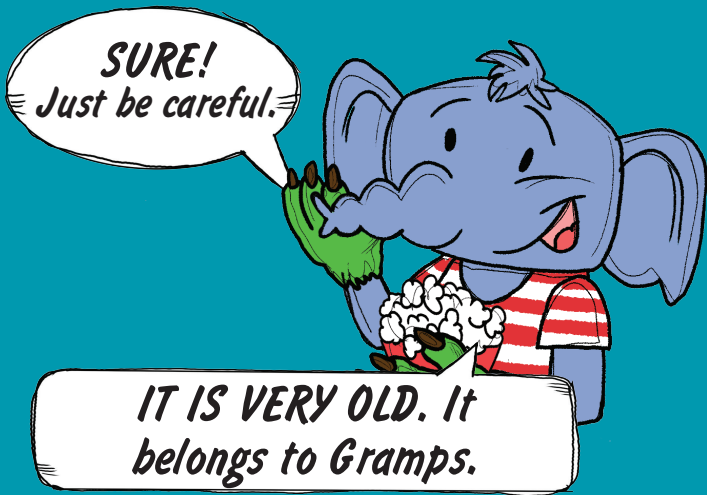

Fin leads them to the back of the house.

Tippie's garden has been transformed into an outdoor movie theatre. A huge sheet hangs between two trees. There are blankets and huge cushions that the children can sit on.

*Can I work the projector?*

Robin skips to the old projector standing on a small table.

Robin nods. She studies all the little buttons and knobs. Tippiie hands out boxes of popcorn. Trish hands out cooldrinks.

Tippie shivers. He feels nervous. He doesn't like monsters.

Finally, Fin dims the lights in the garden.

Again, Tippiie shivers. Everything looks so scary. Maybe this wasn't such a good idea. Will he survive the monster movie?
